Abstract

The St. Louis Chapter is rich in leadership and talent. This document is to serve as both a reminder to those that have lead and for those that are to lead.

ENGINEER OF THE YEAR

Description

The Engineer of the Year Award recognizes the Outstanding Engineer in the St. Louis region.

The nomination and award process presents great opportunities for the profession, the chapter, and the individual selected to obtain publicity and recognition. Solicitation of nominations will be done within the Chapter through the newsletter, and at board and chapter meetings. Individuals should be encouraged to nominate themselves or submit names for consideration to the committee. The committee and its chairmen will contact individuals who have been suggested by others. Additional opportunities for solicitation of nominations are available through newspapers, universities, the Engineers Club, and other organizational newsletters. Once awards are made, announcements will be sent to the local media.

Applications will be reviewed and judged by the *Department of Professional Recognition*.
