President's Message

Dear Chapter Members,

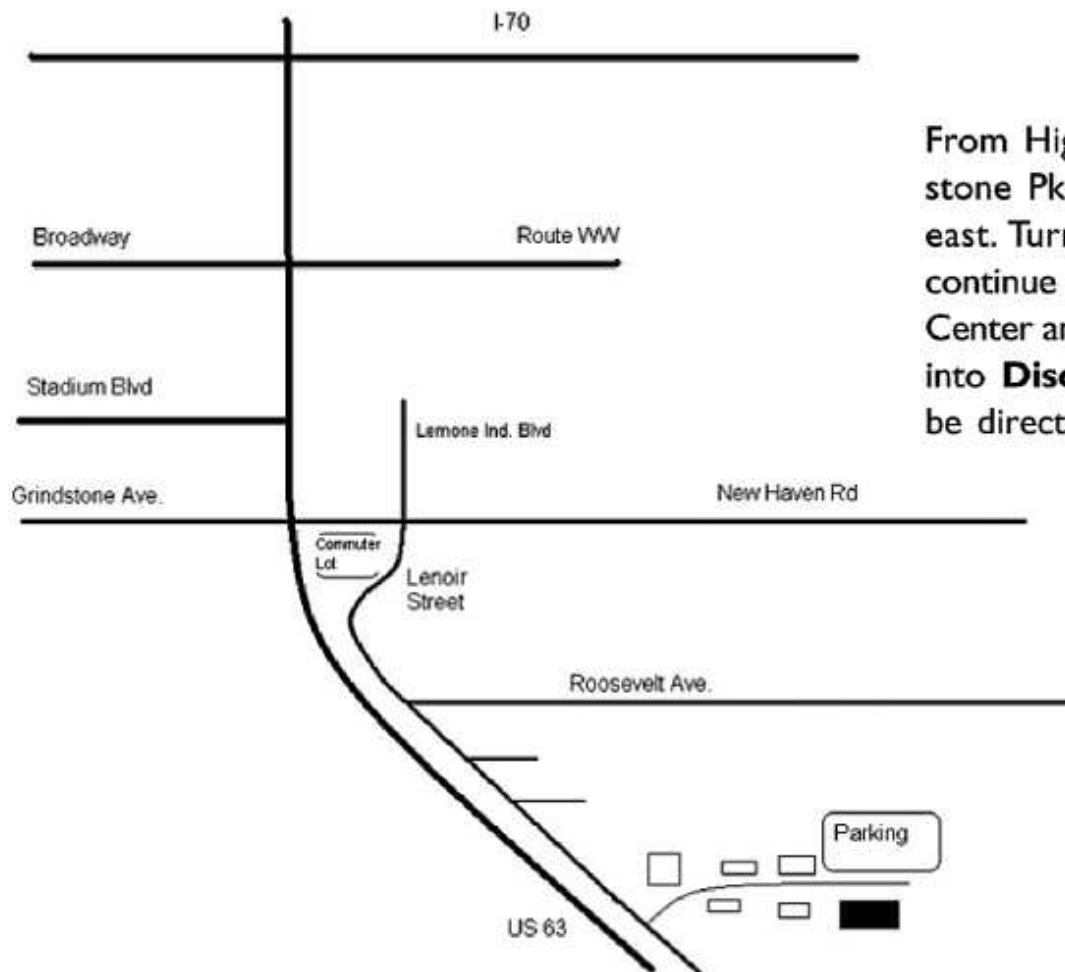

Please join us this month for a tour of Analytical Bio-Chemistry (ABC) Laboratories. This company is expanding into a new 90,000 square foot facility in an area called Discovery Ridge Research Park in southeast Columbia. This facility features a unique ability to change test setups by use of quick disconnects to make their labs more versatile.

Also, the Central Chapter is looking for a motivated individual to be elected as Secretary/Treasurer for next year's session. Those that are interested should contact one of the current Central Chapter officers.

Best Regards,
David Wilkinson, EIT
Central Chapter President

News items of interest to the Chapter can be sent to:
